Utrecht (the Netherlands),
21 May 1996

By letter dated 16 January 1996 you requested the Commission for environmental impact assessment (EIA) to advise on Terms of Reference (ToR) for the Environmental Impact Statement for the Pakistan Tanners Association's environmental management plan for the tannery zone of Korangi Industrial Estate, Karachi, Pakistan.

I herewith submit the advice prepared by a working group of the Commission for EIA.

I would like to emphasize that thanks to the excellent and elaborate studies and work done by the PTA in the first phase of the Korangi Environmental Management Plan (the KEMP), the Commission was able to fulfill its tasks thoroughly and rapidly.

The EIA is the second phase of the KEMP and a logical follow-up of the studies and work done in the first phase. The Commission hopes that this advice will constructively contribute to the formulation of the Terms of Reference for this EIS. The Commission appreciates to be informed about the use the DGIS makes of the advice.

Mr J.W. Kroon
chairman working group
